display your own media files in your ePortfolio for immediate viewing or listening

Publish a journal (blog)

collect your learning reflections in a blog and make all or parts accessible to others

Create a resumé

develop your resumé directly online and use its elements in your ePortfolio

Embed external content

- embed external media files from YouTube, TeacherTube and many more.
- view content from external blogs via RSS

myPortfolio

Book a Free Taster Session

MyPortfolio service free to all New Zealand schools until (at least) the end of 2013.

Register your interest for a taster session at <http://tiny.cc/myportfolionz>

What is MyPortfolio?

MyPortfolio is a nationally available ePortfolio cloud service that runs on the open source ePortfolio software, Mahara. MyPortfolio is the Ministry supported ePortfolio system for NZ schools and has application also for schools that currently operate a Learning Management System (LMS).

Students can:

- ePortfolios provide learners with an easy way of recording and sharing their learning experiences, achievements and evidence of learning.
- join groups dedicated specifically to their learning.

Teachers can:

- use ePortfolios as a professional journal and resumé.
- communicate learning outcomes and provide feedback to their students.

Who would find a taster session useful?

- School leaders
- Curriculum leaders
- Curriculum associations
- ICT facilitators

Taster sessions have been extended until the end of 2011. Book your session now.
